

**§ 602.18 Ensuring consistency in decision-making.**

The agency must consistently apply and enforce its standards to ensure that the education or training offered by an institution or program, including any offered through distance education, is of sufficient quality to achieve its stated objective for the duration of any accreditation or preaccreditation period granted by the agency. The agency meets this requirement if the agency—

(a) Has effective controls against the inconsistent application of the agency's standards;

(b) Bases decisions regarding accreditation and preaccreditation on the agency's published standards; and

(c) Has a reasonable basis for determining that the information the agency relies on for making accrediting decisions is accurate.

(Authority: 20 U.S.C. 1099b)

**§ 602.19 Monitoring and reevaluation of accredited institutions and programs.**

(a) The agency must reevaluate, at regularly established intervals, the institutions or programs it has accredited or preaccredited.

(b) The agency must monitor institutions or programs throughout their accreditation or preaccreditation period to ensure that they remain in compliance with the agency's standards. This includes conducting special evaluations or site visits, as necessary.

(Authority: 20 U.S.C. 1099b)

**§ 602.20 Enforcement of standards.**

(a) If the agency's review of an institution or program under any standard indicates that the institution or program is not in compliance with that standard, the agency must—

(1) Immediately initiate adverse action against the institution or program; or

(2) Require the institution or program to take appropriate action to bring itself into compliance with the agency's standards within a time period that must not exceed—

(i) Twelve months, if the program, or the longest program offered by the in-

stitution, is less than one year in length;

(ii) Eighteen months, if the program, or the longest program offered by the institution, is at least one year, but less than two years, in length; or

(iii) Two years, if the program, or the longest program offered by the institution, is at least two years in length.

(b) If the institution or program does not bring itself into compliance within the specified period, the agency must take immediate adverse action unless the agency, for good cause, extends the period for achieving compliance.

(Authority: 20 U.S.C. 1099b)

**§ 602.21 Review of standards.**

(a) The agency must maintain a systematic program of review that demonstrates that its standards are adequate to evaluate the quality of the education or training provided by the institutions and programs it accredits and relevant to the educational or training needs of students.

(b) The agency determines the specific procedures it follows in evaluating its standards, but the agency must ensure that its program of review—

(1) Is comprehensive;

(2) Occurs at regular, yet reasonable, intervals or on an ongoing basis;

(3) Examines each of the agency's standards and the standards as a whole; and

(4) Involves all of the agency's relevant constituencies in the review and affords them a meaningful opportunity to provide input into the review.

(c) If the agency determines, at any point during its systematic program of review, that it needs to make changes to its standards, the agency must initiate action within 12 months to make the changes and must complete that action within a reasonable period of time. Before finalizing any changes to its standards, the agency must—

(1) Provide notice to all of the agency's relevant constituencies, and other parties who have made their interest known to the agency, of the changes the agency proposes to make;

(2) Give the constituencies and other interested parties adequate opportunity to comment on the proposed changes; and

(3) Take into account any comments on the proposed changes submitted timely by the relevant constituencies and by other interested parties.

### REQUIRED OPERATING POLICIES AND PROCEDURES

#### § 602.22 Substantive change.

(a) If the agency accredits institutions, it must maintain adequate substantive change policies that ensure that any substantive change to the educational mission, program, or programs of an institution after the agency has accredited or preaccredited the institution does not adversely affect the capacity of the institution to continue to meet the agency's standards. The agency meets this requirement if—

(1) The agency requires the institution to obtain the agency's approval of the substantive change before the agency includes the change in the scope of accreditation or preaccreditation it previously granted to the institution; and

(2) The agency's definition of substantive change includes at least the following types of change:

(i) Any change in the established mission or objectives of the institution.

(ii) Any change in the legal status, form of control, or ownership of the institution.

(iii) The addition of courses or programs that represent a significant departure, in either content or method of delivery, from those that were offered when the agency last evaluated the institution.

(iv) The addition of courses or programs at a degree or credential level above that which is included in the institution's current accreditation or preaccreditation.

(v) A change from clock hours to credit hours.

(vi) A substantial increase in the number of clock or credit hours awarded for successful completion of a program.

(vii) The establishment of an additional location geographically apart from the main campus at which the institution offers at least 50 percent of an educational program.

(b) The agency may determine the procedures it uses to grant prior approval of the substantive change. Except as provided in paragraph (c) of this section, these may, but need not, require a visit by the agency.

(c) If the agency's accreditation of an institution enables the institution to seek eligibility to participate in Title IV, HEA programs, the agency's procedures for the approval of an additional location described in paragraph (a)(2)(vii) of this section must determine if the institution has the fiscal and administrative capacity to operate the additional location. In addition, the agency's procedures must include—

(1) A visit, within six months, to each additional location the institution establishes, if the institution—

(i) Has a total of three or fewer additional locations;

(ii) Has not demonstrated, to the agency's satisfaction, that it has a proven record of effective educational oversight of additional locations; or

(iii) Has been placed on warning, probation, or show cause by the agency or is subject to some limitation by the agency on its accreditation or preaccreditation status;

(2) An effective mechanism for conducting, at reasonable intervals, visits to additional locations of institutions that operate more than three additional locations; and

(3) An effective mechanism, which may, at the agency's discretion, include visits to additional locations, for ensuring that accredited and preaccredited institutions that experience rapid growth in the number of additional locations maintain educational quality.

(d) The purpose of the visits described in paragraph (c) of this section is to verify that the additional location has the personnel, facilities, and resources it claimed to have in its application to the agency for approval of the additional location.
